Robert and Valerie Appleby Research Scholarship Fund

Applications are invited for a Robert and Valerie Appleby Research Scholarship for postgraduate research, tenable at the University from the beginning of Michaelmas Term 2020.

The Robert and Valerie Appleby Research Scholarship was established by the legacy of Valerie Joan Appleby to support the study of vertebrate palaeontology by students in the Department of Zoology or, in the event that no suitable candidate can be found within the Department of Zoology, by students in other departments or museums of the University as are most appropriate.

All applications should be in this field of research.

The Robert and Valerie Appleby Research Scholarship is awarded for up to 3.5 years and at present, offers:

- a maintenance grant at the current RCUK stipend rate per annum
- payment of fees at the rate for “Home/EU” students (Overseas candidates must have secured other funding which will cover the difference)

- Research Support Grant of £5,000 per annum for the first three years of the scholarship.

Candidates must submit their applications for the Robert and Valerie Appleby Research Scholarship to the Director of Graduate Studies in the department in which they are hoping to work by Friday 24 January 2020.

Separate applications for admission to study in the University must be submitted to the University by Friday 24 January 2020. The details of how to apply are available at [http://www.ox.ac.uk/admissions/graduate/applying-to-oxford](http://www.ox.ac.uk/admissions/graduate/applying-to-oxford).

Applications received from Earth Sciences, Zoology and the Oxford University Museum of Natural History candidates after Friday 24 January 2019 cannot be considered.
